

ACROGYM — ADMIN OPERATIONS GUIDE

Client rules, season 2026/27 · Based on AcroGym Client Terms & Conditions V1 (effective 1 August 2026)

1. Registration — mandatory

- **Every child must be registered before the first class** via the official form: acrogym.org/register. No completed form — no participation.
- Always check registration before admitting a child to their first class.
- The form covers: Terms & Conditions acceptance, photo/video consent choice, medical disclosure, child's name and date of birth, parent contacts.

2. Age groups

- Groups: 2–3, 3–4, 4–5, 6–8, 10–14.
- **A boundary age joins the OLDER group:** a 3-year-old goes to 3–4; ages 4 and 5 go to 4–5. Nine-year-olds train with 6–8.

3. Schedule and groups

- Each child holds a specific place in a specific group (fixed days and times) for the whole paid period.
- **Schedule changes: only once per month, at payment time.** After groups are formed, no changes — group composition affects the coach's program.

4. Payments

- **The first class is PAID — 100 QAR. Never say “free trial”.** The correct wording is “Book Your First Class”.
- **Official prices (QAR):** first class — 100; single class — 250. Monthly plan (per month): 550 (1×/week), 1,100 (2×/week), 1,650 (3×/week). Term plan (per term): 1,500 / 3,000 / 4,500 for Terms 1–2; Term 3 (15 weeks): 1,600 / 3,200 / 4,800. Personal training: one child — 300, two children — 400 (per session). Term is our most popular and best-value option — always mention it. Full table: see the Season 2026/27 Price List.
- Always in advance: monthly, or per term (three terms per year).
- **Payment window: the 25th to the 30th/31st of the previous month.** If payment is not received before the period starts, the place may be released.
- **Bank transfer:** require the transfer receipt/screenshot. Without confirmation, treat the classes as unpaid.
- **Cash:** accept only in an envelope with the child's first and last name and age written on it.

- Overdue payment → participation is suspended until payment is received. Fees are non-refundable.
- **Refund requests:** fees are non-refundable under our Terms. Never promise a refund and never argue — reply “I’ll pass this to management” and escalate the same day.
- **Discounts, pro-rated fees for mid-month joins, special deals** — management only. Quote **ONLY** the official prices above — never invent discounts or exceptions yourself.
- Price changes apply only from the next paid period, with prior notice to parents.

5. Absences and make-up weeks — admin action required

- **The 24-hour rule:** a class cancelled less than 24 hours before start, or a no-show, is forfeited. No compensation, regardless of the reason.
- **An absence counts for compensation ONLY if:** (a) the parent notified us at least 24 hours in advance, AND (b) you recorded it. Record qualifying absences immediately — unrecorded absences do not count.
- **Compensation = subscription extension:** up to 1 extra week per paid month, or up to 2 extra weeks per paid term. Extensions follow the group’s regular schedule, have no cash value and are non-transferable.
- **Apply the earned extension at the next payment:** when confirming a renewal, check the child’s recorded absences and extend the period accordingly (max 1 week/month or 2 weeks/term). A promised week that isn’t applied is a broken promise.
- If ACROGYM cancels a class: offer a make-up class or a credit. Our cancellations never reduce the paid classes.
- Late arrival: the child may miss the warm-up; class time is not extended.

6. Class rules — enforce at the door

- Sportswear only. No jewelry (earrings, necklaces, bracelets, watches). Long hair tied. Non-slip socks when required.
- Parents do not interfere with coaching during class and follow venue rules.
- Unsafe, aggressive or disruptive behavior → remove the child from the class; repeated cases → escalate to management.

7. Pick-up and supervision

- **Release children only to their guardian** or to a person the guardian has named in writing in advance. Unknown person without written notice — do not release, call the guardian.
- AcroGym is not responsible for children outside scheduled class time — remind

guardians to be on time.

7a. Personal belongings and property

- Ask families not to bring valuables — AcroGym is not responsible for lost, stolen or damaged personal items.
- **Damage caused by a child** to equipment or venue property is the guardian's responsibility (per the Terms). Record what happened and inform management — do not negotiate compensation yourself.

8. Photos and video

- **Check the consent status from the registration form** before including any child in marketing photos or videos.
- No consent → exclude the child from marketing media (internal training records are allowed).
- Parents may not photograph or film other children during sessions — politely stop them.
- Never publish a child's personal details (full name with face, address, ID).

9. Medical and emergencies

- Know the medical notes from the form (allergies, asthma, conditions) for the children in your groups.
- **Emergency:** call emergency services, administer basic first aid, contact the guardian immediately. Medical costs are the guardian's responsibility.

9a. Incidents — always write it down

- **Any injury, first aid, conflict with a parent, or safety violation:** write a short incident note the SAME day — what happened, when, who was involved, what was done — and send it to management.
- An unrecorded incident does not exist when it matters. This protects the child, you, and AcroGym.

10. Data and communication

- “In writing” means: email info@acrogym.org or WhatsApp +974 7085 9382.
- Keep all client data confidential. Data access/correction/deletion requests → forward to info@acrogym.org.
- **If a parent asks to stop receiving messages** — record it and never message them again (operational messages about their own child's classes are still fine). This protects our WhatsApp number.
- The full Terms & Conditions are linked in the registration form; share the link

with parents on request.

- **If a parent complains about photos/videos:** first check their choice in the registration form. If they GAVE consent — calmly explain that photo/video use was accepted in our Terms & Conditions at registration, and that they may withdraw consent at any time in writing (it applies going forward, not to already published materials).
- **If the form shows NO consent and the child appeared in marketing —** apologize, escalate to management the same day, and make sure the child is excluded going forward. Do not argue in this case.
- Stay polite and never argue publicly — unresolved disputes go to management.

11. New leads — Telegram bot (24-hour rule)

- **All new leads arrive in our admin Telegram bot (AcroGym Assistant)** as a card: parent name, phone, child age and a ready-to-send draft message.
- **You must process every lead within 24 hours:** open the WhatsApp chat from the card, send the (edited) draft from your own account, then tap “ Responded” on the card.
- The bot reminds you about unanswered leads; after 48 hours it escalates — do not let it get there.
- Always tap “ Responded” after replying — otherwise reminders keep coming and reports show the lead as unanswered.

When in doubt — do not improvise: check the Terms & Conditions or ask management.
