Admin Operations Guide

Client rules, daily work and tools · season 2026/27

ACROGYM SPORT CENTER W.L.L · CR 207623 · Lagoona Mall, 1st Floor, Doha, Qatar

Version 2.0 of 07.10.2026 · replaces version 1 (August 2026)

> Based on the AcroGym Client Terms & Conditions V1 and the owner's decisions up to 07.10.2026. When in doubt, do not improvise: check this guide or ask Management (Kristina or Kirill).

What changed in version 2.0

- Term plans are no longer sold. We sell monthly plans only; existing Term 1 holders keep their plan.
- A monthly plan runs 30 days from the child's first day — not by calendar month.
- New renewal bonus: renewing a monthly plan on the day it ends saves 5%.
- Age groups updated to the current timetable (1.5–2 up to 10–16 and adults 18+).
- Admins mark attendance in in2 for every class on the same day — coaches do not.
- Rules are explained to a family in person at the moment they buy — never sent as a message.
- New: the electronic daily checklist and evening report (section 12) and the tools list (section 13).

1. Registration — mandatory

- Every child must be registered before the first class via **acrogym.org/register** (about 3 minutes). No completed form — no participation.
- Always check the registration before admitting a child to the first class.
- The form covers: Terms & Conditions acceptance, photo/video consent (Yes/No), medical disclosure, child's name and date of birth, parent contacts.

2. Age groups and group size

- Groups: **1.5–2, 2–3, 3–4, 4–6, 5–7, 7–10, 10–16** and **adults 18+**. Every class is **50 minutes**.
- Groups overlap (3–4 / 4–6 / 5–7 and 7–10 / 10–16). For a boundary age, offer both groups' times; the coach confirms the best group by level.
- Places: **6** in weekday classes before 12:00, **10** on Saturday and in afternoon classes. Never add children above the limit.
- Never promise a time slot or a coach before you have checked the free place.

3. Schedule and booked days

- Payment reserves a place in a specific group on specific weekdays and times for the whole paid period. The child attends **only the booked days** — no drop-ins to other days or groups.
- Weekday changes: **once per month, at the moment of payment**. Coaches may move a child to another group by level — they tell the admins, and the admins confirm places and the family and update in2 the same day.

4. Prices and plans

- **First class — 100 QAR** (a full 50-minute class). Always say «Book Your First Class», never «free» or «trial».
- **First-class credit:** the 100 QAR is deducted from a monthly plan bought **right after** that first class. Leave and come back later — no credit.
- **Monthly plan** (30 days from the first day): **550** (1× a week) · **1,100** (2×) · **1,500** (3×). Recommend 2× a week: faster progress, same price per class as 1×.
- **Single class — 250 QAR.** If a family says they were quoted 100 per class: 100 is the first-class price only.
- **Personal training** (50 min): one child **300**, two children **400** per session; 10-session packs **2,700 / 3,600**, valid 6 months.
- **Term plans: not sold any more.** If asked, offer the monthly plan.
- Quote only the official prices. Discounts, pro-rated fees and special deals — Management only.

5. Discounts (the only standing ones)

- **3rd child from the same family — 15% off** any plan. No discount for a 2nd child or twins.
- **Renewal bonus — 5% off** the next month when a monthly plan is renewed **on the day it ends**.
- A 3rd child renewing on that day gets both. The admin confirms the exact amount before payment.
- Anything else — never offer or invent; only Management decides.

6. Payments

- Offer **bank transfer or Fawran** first. Bank: AcroGym Sport Center · The Commercial Bank (P.S.Q.C.) · Account **498009300025001** · IBAN **QA40CBQA000000498009300025001** · CR **207623**. Fawran: Transfer to Business → Beneficiary Company Registration → CR **207623** → amount → confirm.
- **Always ask for the payment screenshot.** Without it, treat the classes as unpaid — we may not be able to match the payment.

- Cash only in an envelope with the child's first and last name and age. Card at reception is accepted if the family asks.
- Record every payment in in2 against the right child and package the same day.
- Overdue payment → participation is suspended until payment. Fees are non-refundable: never promise a refund, never argue — «I'll pass this to management» and escalate the same day.
- Payments without an invoice or unusual cases are decided by Management case by case.

7. When a family buys — explain the rules in person

At the desk, the moment a family buys, explain face to face (do not send it as a message):

- booked days only, weekday changes once a month at payment;
- the 24-hour rule and how freezes work (section 8);
- renew on the day the plan ends to save 5%;
- pick-up rules and being on time;
- what to wear (section 9).

8. Absences, freezes and cancellations

- **24-hour rule:** cancelled less than 24 hours before class, or a no-show — the class is used, whatever the reason (sickness too).
- **Freeze (extension):** if the parent tells us **at least 24 hours ahead** and you **record it**, the plan is extended — **monthly: up to 1 week per paid month**; existing Term 1 holders: up to 2 weeks per term. Unrecorded absences do not count.
- Apply the earned extension at the next renewal. A promised week that isn't applied is a broken promise.
- Longer absences, make-ups in another group, moving coach mid-month — not standard: «Let me check with the team» and ask Management.
- If AcroGym cancels a class — offer a make-up class or a credit.
- **Holidays** (winter break 18 Dec – 3 Jan, spring break 8 – 20 Mar): give the dates. Never bring up whether plans pause over breaks; if a family asks directly, promise nothing — «the team will advise you» — and tell Management.

9. Class rules — enforce at the door

- Sportswear only; no jewellery or watches; long hair tied; non-slip socks when required.
- Parents wait in the waiting area and do not coach during class. Parents of children aged 2–5 stay in the waiting area for the whole class.
- No food in the hall — water only, in closed bottles.
- Unsafe or aggressive behaviour → the coach removes the child from the activity; repeated cases → Management.

10. Pick-up and supervision

- Release children only to the guardian or an adult the guardian named in writing. Unknown person — do not release; call the guardian.
- If a parent is late: the child waits with you at reception, in view of others; call the parent; after 15 minutes call the emergency contact; tell Management.
- AcroGym is not responsible for children outside class time — remind parents to be on time.

11. Photos, data and incidents

- Check photo/video consent before any filming for the club; no consent — the child is not in marketing media. Parents may not film other children.
- Keep family data confidential: use it only for work, never copy it to personal contacts or chats.
- If a parent asks not to be messaged — record it and never message them again (messages about their own child's classes are still fine).
- Any injury, first aid, conflict or safety issue: write a short incident note the **same day** and send it to Management. In an emergency call **999** first.

12. Daily checklist and evening report

- Work through the electronic daily checklist every working day (acrogym.org/schedule). Order: **priority tasks from Kristina and Kirill first**, then tomorrow's first classes and private classes, packages ending tomorrow, yesterday's and today's trials, families who never replied, schedule changes and follow-ups due.
- Before contacting a family, read the notes from previous days under their name, so nobody gets the same question twice.
- For every «not bought» or «thinking»: write the reason, the action and the next contact date.
- **Mark attendance in in2 for every class on the same day** (present / absent / first class) — it is the basis for payroll and statistics.
- Private classes: book through the admins only, confirm the day before, keep the printed list, enter every private class held in in2 the same day.
- Send the **evening report** every working day — with numbers and details: what was done, what was not and why, the next step.

13. Tools

Tool	What for
in2	Clients, bookings, packages, payments, attendance
AcroGym Assistant (Telegram)	New leads: answer every lead within 24 hours from WhatsApp, then tap «✅ Responded». After 48 hours it escalates

Tool	What for
AcroGym Answers (Telegram)	Ready answers to client questions; for unusual questions it searches the club's rules and tells you what to ask Kirill
Daily checklist (acrogym.org/schedule)	Today's tasks, history of each family, evening report
Message templates	Approved English templates for follow-ups and reminders — edit to the situation, never send bulk messages without approval
Private classes calendar	Month and week view of private classes

14. Data and communication

- «In writing» means email **info@acrogym.org** or WhatsApp **+974 7085 9382**.
- Data access, correction or deletion requests → forward to info@acrogym.org.
- Photo complaints: check the consent in the registration form first. Consent given — explain calmly that it was accepted in the Terms and can be withdrawn in writing (going forward). No consent but the child appeared — apologise, escalate the same day, exclude the child going forward.
- Stay polite and never argue in public — unresolved disputes go to Management.

Acknowledgement

I have read the Admin Operations Guide version 2.0 and will follow it.
